STATE OF THE ART HANGING SYSTEMS

3187

A cable or a hanging rod for hanging pictures can be turned and clicked in wherever you wish on the Arti TeQ Deco-Rail. You no longer need to slide them in from the side. The huge advantage of this is that the cornices – in the corners as well! – can be joined seamlessly together without adversely affecting the effectiveness of the hanging system. The best choice for joining the cornice sections together is DecoFix Extra, which guarantees a perfect butt joint.

THE BEST HANGING SYSTEM... COMPLETELY INVISIBLE

An optimum method of presentation: both the Deco-Rail and the Twister are hidden completely invisibly behind the cornice, thanks to the unique profile section.

CHOOSE FROM 3 DECORATIVE MODELS

Arti Teq Deco-Rail is available in combination with 3 ORAC cornices: A basic cornice section, a modern cornice and a classic cornice.

DECORATIVE

ORAC CORNICES • STYLISH INTERIOR TOUCHES

Beautiful sharply detailed cornices made from high quality plastics. Light and impact resistant, simple to install.

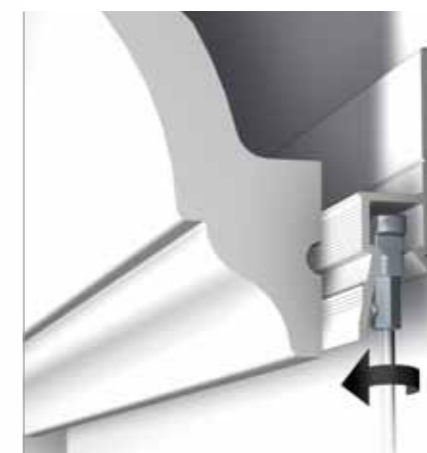

Beautiful walls. Handsome ceiling perfectly finished with decorative ORAC cornices in combination with the invisible and flexible Arti TeQ picture hanging systems.

Two unique products are brought together in Arti TeQ Deco-Rail. The high-quality finish is therefore guaranteed, always making the hanging and changing of wall decorations simple and quick without damaging the wall.

CONVENIENT ATTACHMENTS • ROCK SOLID • EXTRAORDINARY BEAUTY

The Arti Teq Deco-Rail is first attached to the wall. Then the cornice is attached on the Deco-Rail. DecoFix Pro strong installation adhesive ensures an enduring bond.

ARTI TEQ TWISTER
SIMPLE • CONVENIENT • STRONG • INVISIBLE

Install, twist, click... finished! The simple, flexible and safe way of hanging pictures. Decorative, invisible and rock solid. For a maximum load of 20 kilos.
