Hanging rail integrated in side strip - suitable for recessed ceilings using a side strip

The Art Strip is the picture hanging system that may be hidden in a recessed ceiling. It replaces the side strip which is used for the installation of recessed ceilings. During a tear-down phase or renovation work, the Art Strip can be installed at the same time as the recessed ceiling. The corner profile for the recessed ceiling is then mounted to the Art Strip. When you mount the Art Strip during the installation of recessed ceilings, you will have a picture hanging system available throughout the entire space, giving you a flexible way to decorate the walls. The Twister hanging cords may be clicked into any desired location in the rail next to the recessed ceiling.
